

Minisymposium: Omics in Biomedicine November 23, 2016

University of Oulu, Medical Campus, Aapistie 5A,
Leena Palotie Auditorium, at 9:00 – 16:00

Everyone is welcome!

Topics include multiple omics approaches across biomedicine:
from human evolutionary genomics to embryomics,
from cancer to cardiovascular diseases, from omics sciences to clinical usage.

Details and full programme at the event home page: www.oulu.fi/biocenter/omics-2016

SPEAKERS

Olli Kallioniemi, Karolinska Institutet, Sweden

Jianmin Wu, Peking University Cancer Hospital & Institute, China

Xose S. Puente, University of Oviedo, Spain

Peter James, Lund University, Sweden & FiDiPro at Åbo Akademi University, Finland

Mattias Jakobsson, Uppsala University, Sweden

Virpi Tökönen, Karolinska Institutet, Sweden

Minna U. Kaikkonen, University of Eastern Finland, Finland

Gabi Kastenmüller, Helmholtz Zentrum München, Germany
